

Crossroads Clubhouse

Community Mental Health

What can we do to protect
the **DIGNITY** of
of those in our community?

Crossroads Clubhouse, a program of Macomb County Community Mental Health, is an employment and recovery center offering persons with mental health conditions hope and opportunities to achieve their full potential. Members and staff work together to provide support in employment, housing, recovery, education and job skills training.

We would like to recognize the employees of Crossroads Clubhouse. Their dedication and hard work is helping to recognize the dignity in every county resident.

DIGNITY IN ACTION
