Re: Flu Shots

We are very glad to once again partner with Healthstyles and the Macomb County Health Department to offer employee flu vaccinations this year. Attached is a flier with all of the pertinent information. This is last minute as the Health Department was unsure of when they would receive the vaccinations and just got them in this week.

We have set up four dates next week and unfortunately we are limited to these dates and locations this year. In addition, they are only available for our staff and not for staff and families as we have done in the past.

Please note the attached flier requires that those who are interested must make an appointment and where a mask.

As mentioned, the attached flyer has more information regarding locations and times the clinics will be offered. To register and reserve your appointment for a flu vaccine, please use the link below:

<https://forms.gle/2bww6E8LYBuy293V7>

If you have any questions or have trouble accessing the registration link, please email [Healthstyles@macombgov.org](mailto:Healthstyles@macombgov.org).

# Beat the Flu!

## On-Site Flu Shot Clinics

Healthstyles and Macomb County Health Department are sponsoring flu clinics for current Macomb County employees again this Fall. Vaccinations will be administered by Registered Nurses from the Macomb County Health Department Immunization Program.

Employees with Macomb County sponsored HAP, BCN, or BCBS PPO – you must enter your insurance information when you register for your appointment online. If you have insurance offered through Macomb County the flu shot is **covered at no cost**. Employees, contract staff, and retirees **without** Macomb County insurance or any other form of insurance can pay out of pocket for the flu shot – **cost is \$20 (cash or check only)**. If paying by cash, be sure to bring the exact amount with you to your appointment. The Health Department Staff will not be able to provide change on-site.

**Vaccinations are available by Appointment ONLY**

Register for your appointment online:

<https://forms.gle/2bwv6E8LYBuy293V7>

\*Please note, the vaccine is administered in the upper arm, so wear short sleeves or clothing that allows for easy exposure of your upper arm/shoulder. **Face Masks are Required.**
